The Coach Approach for Organizers™ / Institute for Applied Coaching™ PCC-level training programs and credentials have Accredited Coach Training Program standing through the International Coach Federation. Coaches who have earned one of the above credentials need only apply and pass ICF's multiple choice test on core competencies to earn their Professional Certified Coach credential (PCC) in the most expedited and inexpensive ICF pathway.

Both IAC's and ICF's requirements are more specific than this communication allows and are subject to change. Final requirements for each IAC certification cycle are available before the late winter application window opens. Previous-year applications are indicative and available year-round.
